

**EM BROOK  
ANGUS**

## SPRING BULL SALE 2021

Call Rick for more information (814)-937-7867.

All bulls are being sold by private treaty.

SIRE LINES INCLUDE

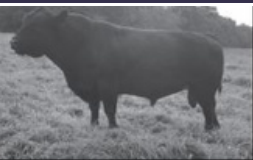

Octoraro Embrook Banjo 9956 (18754822) (09/02/2016) is a son of the "Famous" Banjo of Wye UMF 6413 (11216396), who is a son Lonestar of Wye (7478224) (01/15/1972). We picked Banjo 9956 because of his maternal function, calving ease +8, \$EN at +24 and forage adaptability. His dam is a Favour of Wye (6418161), Clarkson of Wye UMF 9166 (15141486) and Alap of Wye (13641146) daughter. 6413 has been an instrumental component of maternal efficiency.

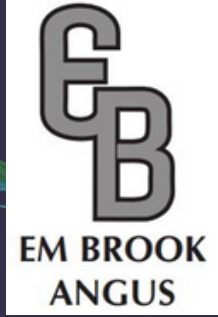

OA/EBA Prince 801 (19242002) (03/05/2018) is a son of Prince of Malpas (2776941) (04/12/1956). Prince was imported to America to Wye Angus and became one of the most influential bull in developing the Wye herd. We used Prince 801 to breed most of our Wye Donor Cows this summer. 801 has a +11 CED (Calving Ease Direct) and a huge \$EN of +34, an unheard-of number in today's so-called modern Angus cows.

Em Brook Emulation 144 (18929137) (04/13/2017) is a son of Sam's great cow maker bull Octoraro Emulation 310 (12975038) (04/06/1997). On his dam side, he is out Em Brook Delia 144, carries a great CED number at +10 and has a super +25 \$EN. The 144 cow is still at Em Brook and we feel she is our next candidate for the "4 Ton Weaned Cow Club". Emulation 144 adds up to a great calving ease sire for these sale cows.

Em Brook Powerade 207 (18640182), (1/18/2016), is an AI son of Powerade 221 (14955727). We called 221 "TUCKER" because we bought him in Kentucky in 2005. We sold Tucker to Schueneman's in Spencer, Iowa and Art Always refers to him as the best cow maker bull they ever had. The Dam of Powerade 207 is one of our Partnership donor Cow Em Brook Emma 207. Emma is line bred with Sam's great cow maker bull Octoraro Emulation 310 (12975036) and out of old Emulation 31 daughter Sinclair Queen 274. Now, you can see why we think Powerade 207 is very special. 207 is +6 CED and 28.74 \$EN. We used him as a pasture cover bull for part of sale offering. 207 will bring soft disposition to go with great maternal instincts, exceptional udders in a moderate package. 207 is the ideal forage based bull for today forage based needs.
